# INTRODUCTION

## ZEC is a Revolution of Modern world

The entire cryptocurrency network as a whole creates decentralized ZEC TOKEN at a rate that is set when the network is created and is made available to the public.

# ABOUT ZEC

A cryptocurrency is a type of digital asset intended to function as a means of exchange. It uses powerful encryption to safeguard financial transactions and manage the generation of new units. ZEC is open and unrestricted, and it can be utilised by anybody, anywhere. We have developed a platform for stock trading.

- Bitcoin Calculate
- Money Expanding For Each Trade
- Buy and Sell Bitcoin, Ethereum other Crypto

# OUR MISSION

- To enable retailers to accept digital assets for goods and services
- To make Blockchain technology and cryptocurrency accessible by the masses, even if the majority don't know how it works
- To ensure users own personal data, which will significantly reduce the current data leaks via centralized financial systems
- Operate as a community-focused and community-driven digital asset, fully decentralized in every sense of the word.
- To create an ecosystem where different solutions can emerge from a social perspective, including collaborative applications.

# HOW IT WORKS

Within a worldwide ecosystem, users of the Zeal Energy platform communicate with one another. The ZEAL ENERGY Token (ZEC) is a way to provide financial rewards for platform users. The primary element that enables ZEC COIN Consensus between participants is ZEC.

# FUTURES E-COMMERCE PLATFORM

"ZEC" is a state of art Blockchain E-commerce platform which redefines the e-commerce ecosystem through Blockchain Application and Protocol by connecting the manufacturers directly to the end-users seamlessly. With the global e-commerce sales worldwide relatively increasing yearly with current figure amounting to 4.89 trillion US dollars and projected to grow to 6.4 trillion US dollars by 2024, the very best to help the world much more to access such growth will be the introduction of a seamless distributed ledger technology using Blockchain protocols and applications based on the BSC (Binance Smart Contract)

"ZEC" serves as a medium of most straightforward E-trade mechanism in which the consumers connect the Manufacturer of his product directly using Blockchain distributed ledger technology with state of an art sales-purchase reward system

The Manufacturer gets a reward for selling his goods on the "ZEC" E-commerce platform. The Consumer also receives compensation for goods and services procured. Partners get a reward by extending "ZEC" services to the outside world

## "ZEC" SALES-PURCHASE-REFER REWARD SYSTEM

Global e-commerce sales growth will continue to rise and take up more share. According to eMarketer, e-commerce sales will reach \$6.39 trillion by 2024, and projection is expected to continue growing with more people now finding it a lot easier to shop through the internet. A Reward System to help accelerate such hope and aspiration of both the end-users and the manufacturers will be a delight to all.

"ZEC" REWARD SYSTEM is a mechanism with a robust technique of rewarding three players on the "ZEC" E-commerce Platform (Manufacturer, Consumer, Partner)

## MANUFACTURER

For every product the Manufacturer sold to the Consumer, the "ZEC" e-commerce platform rewards the Manufacturer with some unit of "ZEC" Token(s)

## CONSUMER

For every product and service the Consumer transacted on the platform, the "ZEC" E-commerce platform rewards the Consumer with some unit of "ZEC" Token(s)

## PARTNER

A Partner is a middle man with much interest in reaching out to the world with the goodwill of the "ZEC" Platform. After three successful transactions on the "ZEC" Platform as a consumer, the Partner gets his office tools with a customized website to refer friends and family to the platform and be rewarded with "ZEC" Token(s) after his invites do every successful transaction.
